

GIULIA INVERNICI

DOUBLE DEGREE STUDENT

PERSONAL PROFILE

Obstinacy, sense of duty, efficiency and credibility helped me to meet with success my business school goals.

Ability to handle multiple tasks at the same time and to work under pressure.

Excellent work life balance management and problem solving.

Good ability of team work by sharing information, actions, knowledge within the project team, thanks to my Erasmus experience and university routine.

Moreover, I play in a soccer team and that helps me to achieve results as a team and not as a single player.

I usually spend a lot of time to take care of my sisters child. This everyday routine helps me to improve my time management and mind flexibility.
